*Allowance*

1. Claims 1-5 and 7-18 are allowed.
2. The following is an examiner's statement of reasons for allowance:

After full consideration of the response filed 21 June 2005, and in particular the remarks/arguments as set forth on page 9, line 1 through page 10, line 14, Applicant's arguments with respect to the prior art of Yamaguchi (U.S. Patent Application Publication 2001/0040194) are persuasive in the fact that the prior art of record, and particularly the prior art of Yamaguchi, does not anticipate or render obvious the feature with respect to the intersecting point being positioned between the first and second ends of the guiding means in combination with the specific dimensions as recited on lines 18-19 of claim 1, and lines 17-18 of claim 10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
